

IR Receiver Modules for Remote Control Systems

AVAILABLE FOR PACKAGES

- Mold
- MiniMold
- Heimdall
- Panhead

FEATURES

- Wide optical filter characteristic
- Material categorization: for definitions of compliance please see www.vishay.com/doc?99912

RoHS
COMPLIANT
HALOGEN
FREE
GREEN
(5-2008)

DESCRIPTION

The “N” option, when attached to a datasheet designates a wide optical filter characteristic.

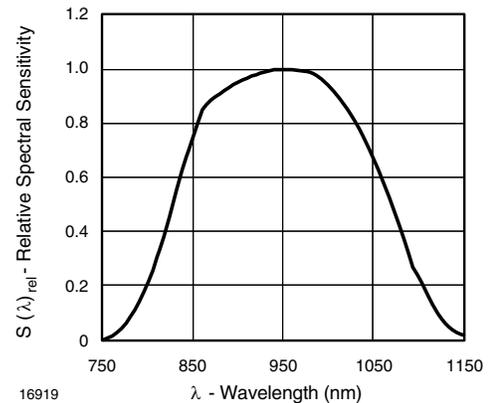

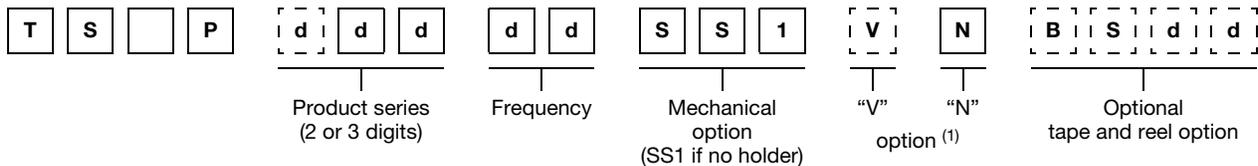

Fig. 1 - Relative Spectral Sensitivity vs. Wavelength

ORDERING INFORMATION

Notes

- d = “digit”, please consult the list of available series to create a valid part number
- (1) As second option possible; see “V” option datasheet

Example: TSOP4838SS1N - N version, straight leads in tubes
 TSOP4838YA1N - N version with YA1 holder
 TSOP2238SS1NBS12 - N version with tape and reel
 TSDP75T85NTT - N version, top view taped
 TSDP34T85SS1N - N version, straight leads in tubes
 TSMP94100SS1N - N version, straight leads in tubes
