

Magnetics

Alternative Energy Solutions

Vishay offers a wide variety of magnetic components for inverters and switchmode power supplies that provide excellent thermal efficiency with long life and reliability. Let us develop a value-added engineering solution that will provide the best combination of performance, size, and cost. We specialize in design solutions that are rated at 30 kW and higher.

Applications

- DC/DC converters
- Isolated transformers
- Inverters
- Noise reduction
- Control systems

Approvals

- AS9100D

Custom Design Request Forms

Inductor form:

Standard Products

- Transformers
- Inductors
- Common mode chokes

Manufacturing Excellence

Vishay custom magnetics offers a global manufacturing footprint that is certified to the highest quality, safety and environmental standards.
