

1800 V Upgraded High Voltage Couplers

The DNA of tech.®

Solar Inverter

Wind Inverter

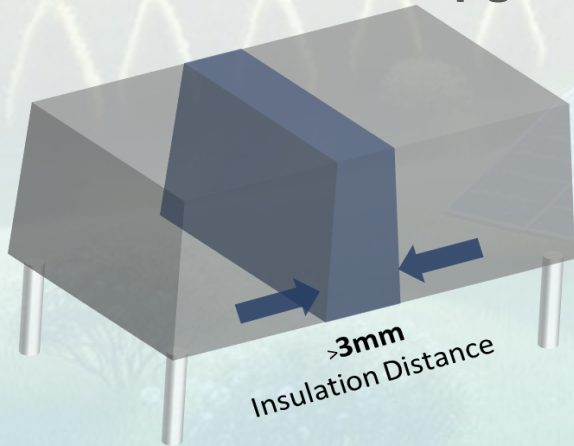

Energy Storage

New certificate testing and upgraded all products / datasheet to 1800 V_{IORM} to accommodate rising voltage requirements of solar and energy storage systems to ideally support 1500 V systems

Upgraded High Voltage Isolation:

$$V_{IORM} = 1800 \text{ V}_{\text{peak}}$$

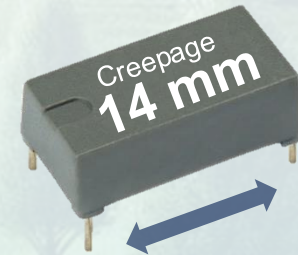

Insulation: $\geq 3 \text{ mm}$

Creepage: up to 17 mm

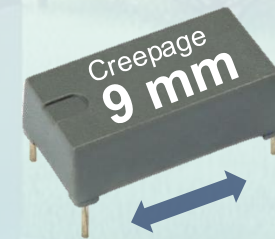

Package Options

CNY66

CNY65

CNY64
