

ROHS II Compliance Statement

Directive 2011/65/EC – RoHS recast

12th July, 2018

Dear Valued Customer,

Vishay Intertechnology Inc. is committed to be in compliance with all applicable global laws, directives and regulations.

Unless otherwise specified, Vishay Intertechnology Inc. hereby certifies that all its products that are identified as RoHS compliant fulfill the definitions and restrictions defined under Directive 2011/65/EC of the European Parliament and of the Council of June 8, 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (EEE) – recast.

Vishay Intertechnology Inc. is keenly aware that RoHS II exemptions that currently apply some of our products are set to expire on July 21st, 2021.

Despite the fact that the exemptions have recently been extended to this date, we will continue to actively search for alternatives and scrutinize viable (performance, quality and costs) options.

We will continue to work with Electronic Industry Leaders and Global Electronic Industry Associations to prepare the necessary data for future relevant exemption renewal applications.

Currently concerned exemptions as per Annex II, RoHS II are 6 a, b, c, 7 a, 7 c(I) and 7 c(II).

Please mail your request to VPECM.Surveys@Vishay.com for specific products RoHS compliance reports.
