ACCK Series Control Knobs for Panel Potentiometers Offer Graduation to 10 Indicator

Vishay's ACCK series of control knobs for panel potentiometers is now available with a graduation to 10 indicator. The devices are designed to be:

- Easy to set, thanks to their graduation indicator
- An improvement in adjustment repeatability for the potentiometer
- Easy to grip (for bare hands or gloves)
- Ergonomic to use and pleasant to the touch
- Visually appealing
- Compatible with our panel potentiometers portfolio

The knobs' shape, color, and marking can be customized to meet specific customer requirements. For customers that will eventually need a customized solution, our standard device portfolio is the ideal starting point for preliminary tests.

ADVANTAGE 1

One supplier for
Control knob **and**
panel potentiometer
