New Industrial Version of Established Reliability, MIL-PRF-39017 Qualified Vishay Dale RLR Resistors Now Available

Vishay Dale has introduced an industrial version of its MIL-PRF-39017 qualified resistors (RLR). Key highlights of the new ERL Industrial series devices include:

1. Improved reliability
2. Manufactured using the same materials as the MIL-PRF-39017 resistors, except for the wire being 100 % Sn-plated
3. Manufactured on the same equipment as the MIL-PRF-39017 resistors
4. 100 % Group A screening tests per MIL-PRF-39017
5. Fully RoHS- and REACH-compliant

Vishay Dale has the ability to fully accommodate special customer requirements.
