# New High Voltage Aluminum Electrolytic Capacitor (SMD) Sample Kit Available: MAL215299001E3

Vishay is offering a new sample kit featuring 152 CME series high voltage SMD aluminum capacitors up to 450 V. The products are conveniently taped in blister tape and sorted in a plastic magazine. The sample kit is available via our distribution partners, or by ordering directly using the part number provided in the 152 CME series datasheet (MAL215299001E3).

## Ordering Code

- 152 CME Sample Kit: **MAL215299001E3**

## Additional Key Advantages

- AEC-Q200 qualified
- Contains most important capacitance values for 400 V and 450 V
- 10 x 10, 12.5 x 13, 12.5 x 16, 16 x 16, 16 x 21, 18 x 16, and 18 x 21 body sizes
- Compliant to well-recognized environmental regulations

### Packed Sample Kit Values – 152 CME Series

Capacitance [F]	Voltage [V]	Dimensions (D x L in mm)	Part Numbers
2.2	400	10x10	MAL215299601E3
6.8	400	12x13	MAL215299603E3
10	400	12x16	MAL215299604E3
18	400	16x16	MAL215299605E3
4.7	450	12x13	MAL215299702E3
5.6	450	12x16	MAL215299703E3
10	450	16x16	MAL215299704E3
15	450	16x21	MAL215299705E3
22	450	18x16	MAL215299706E3
33	450	18x21	MAL215299707E3
