# New Vishay Sample Kits Available for 230 EDLC-HV and 235 EDLC-HVR Series Energy Storage Capacitors

Vishay is offering new sample kits for its 230 EDLC-HV (MAL223099001E3) and 235 EDLC-HVR (MAL223599001E3) series of electrical double-layer energy storage capacitors. Delivered in a box with twelve different can sizes featuring capacitance ratings from 5 F to 60 F, the sample kits are available from our distributor partners or can be ordered directly using the part number provided in the devices' datasheets.

## Ordering Codes

- 230 EDLC-HV Sample Kit: **MAL223099001E3**
- 235 EDLC-HVR Sample Kit: **MAL223599001E3**

## Additional Key Advantages

- AEC-Q200 qualified
- UL 810A recognized
- 2000 h at 85°C useful life
- Rated voltage: 3 V
- Ruggedized version for high humidity operation available (235 EDLC-HVR series)
